

Dear student:

Welcome to your educational home! Inter American University of Puerto Rico is committed to the health and safety of its community members. As part of our plan for reopening in-person learning, we share with you the requirements regarding the COVID-19 vaccine, which will be in effect for the 2021-22 academic year:

- **All students must be fully vaccinated against COVID-19, with a vaccine authorized by the Food and Drug Administration (FDA), before participating in any in-person activity in the academic units, extension centers, PK-12 academies, and centers outside of Puerto Rico.**
- If you are not vaccinated at this time, we have five vaccination centers available in the following campuses: Aguadilla, Bayamón, Guayama, Metro, and San Germán. For more information about our centers, press the following [link](#).
- For a student to be considered fully vaccinated, at least two weeks must have elapsed after receiving the single dose of the Johnson & Johnson vaccine or the second dose of the Pfizer or Moderna vaccine.
- International students coming from jurisdictions outside the United States, will have to present evidence of being vaccinated against COVID-19 with any vaccine approved by the World Health Organization (WHO). In addition to the three above, these include: OXFORD/ ASTRAZENECA, SERUM INSTITUTE OF INDIA: COVISHIELD, SINOPHARM (BEIJING): BBIBP-CorV and SINOVAC: CORONAVAC.
- International students under 21 years old must bring the corresponding vaccination documents and authorizations already signed by the person in charge (father, mother, or guardian), at the time of entering the United States.
- **All students must prove they are fully vaccinated against COVID-19 and upload their evidence of vaccination to the virtual platform provided by the University for that purpose.**
- In the event that you have medical or religious reasons that do not allow you to be vaccinated, you can request an exemption by accessing the following [link](#). The University will reach out to you to inform you of the steps to follow.

Instructions to upload the vaccination card image to the electronic platform

1. Take a picture of your vaccination card on both sides and save it in your electronic device.
2. Access the provided form in the following [link](#).
3. Write your name.
4. Write your student number.
5. Write a phone number where you can be reached at.
6. Select your academic unit.
7. Write your institutional email (*required*).
8. Write your personal email (*optional*).
9. Select the type of vaccine you received
(*Pfizer, Moderna, Johnson & Johnson or other vaccine approved by the World Health Organization*).
10. Do you have the completed dosage of the vaccine?
11. Indicate the date in which you received the last dose of the vaccine (*if applicable*).
12. Select the **upload** icon and upload the **front of the vaccination card** image to the website.
13. Select the **upload** icon and upload the **back of the vaccination card** image to the website.
14. Select the **upload** icon and upload an image of an **official type of identification with a photo**
(*you can use a driver's license, passport, electoral card, or University ID*).

Once this step is completed, you must certify that the information provided is accurate. If you present false information related to the administration of the COVID-19 vaccine, you will be subject to the imposition of disciplinary sanctions in accordance with the current General Student Regulations.

15. Press **Submit**.

If you have any questions or difficulties with the uploading process through the website, contact the corresponding Dean of Students of your academic unit. You can also go to the Dean of Students' office and submit your vaccination evidence in person.

We're ready and wish to see you back in person in this upcoming academic year!
Thank you for helping to protect the university community from COVID-19.

Cordially,

Manuel J. Fernós, Esq.
President
